Report of the Fire Chief

The past year we have been fortunate as far as fires were concerned, having had only five chimney fires and one grass fire.

Through the efforts of the firemen and auxiliary, the inside of the Veteran's Memorial Hall was painted and the floors sanded. Also, new raincoats, hats, boots, gas masks, hoses, nozzles, and first aid kits, etc., have been added to the fire department's equipment.

The firemen sponsored a boy at camp last summer and also a Christmas party for the children in town.

Respectfully submitted,

ARTHUR E. STINSON, Chief

YOU CAN HELP PREVENT FOREST FIRES

Twenty-five per cent of all forest fires in New Hampshire are caused from careless debris burning — brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is **DEAD OUT** before leaving it.

Save yourself much possible difficulty.

Number of permits issued	20
Number of local fires	1

I wish to thank the Auxiliary of the Richmond Fire Department for their generous gifts of money with which to purchase children's books. Those that are now in circulation are being steadily used. Among a few of the titles are "Golden Book of Astronomy" "Golden Book of Science", "The World We Live In", "Wonderful World of the Sea", "Reptiles and Amphibians", "Golden Book of Poetry", "The Golden Bible: Old and New Testaments". Many more are being added. These titles are a great addition to our juvenile section and I know that the children have already profited by the information available in these books.

Report of the Police Chief

I hereby submit my report for the year 1958.

During the past year your police department has investigated 16 breaks and were responsible for the recovery of two stolen cars, a battery, and a boat.

We were called to investigate 6 disturbances of the peace, 7 reports of suspicious people in the town, and six cars deserted or stranded on our roads.

Your officers stood duty at the scenes of 10 automobile accidents, issued four speeding warnings, and investigated four driver license violations.

An officer has stood duty at Four Corners on each school day to protect our school children.

Officers have also stood duty at all bingo games, the old home day activities, the dedication of the Veterans Memorial Hall, and the Hosea Ballou observance held at the church.

We collected the delinquent dog taxes, destroyed some undesirable dogs, and found homes for many strays.

We have cooperated with the police departments of the neighboring towns as well as the State Police, the sheriff's office, out of state departments, and branches of the military service.

During the past year because of unusual circumstances it has been necessary to patrol several private places. Due to the added expenses this incurs to the town, it will be impossible for your department to patrol private property in the future unless special arrangements are made with the department.

We appreciate very much your cooperation during the past year. We hope that you will continue to promptly report suspicious individuals and occurrences to your officers.

Respectfully submitted,

ROY B. HEISE, Chief

Report of Director of Civil Defense

I hereby submit my report for 1958:

Your Director and Deputy have attended meetings in Keene and Concord with State Administrative Director, Brinkmann, Col. G. Grace and Major Borrassa. A Staff Member, Mr. Basil Broadhurst, at a meeting in Richmond. Civil Defense films were shown.

We have had several local meetings, two test alerts, one School meeting and one School evacuation.

We have delivered Civil Defense material around town and have good cooperation from everyone including the Police and Fire Departments. We have on hand equipment valued at \$168.61 which cost us \$20.74.

Please visit your local Head Quarters. We need your cooperation at all times and we are trying to serve you.

REMEMBER, CIVIL DEFENSE IS EVERYBODY'S BUSINESS,
BE PREPARED.

Thank you,

HECTOR G. HOLM

There has been a marked decrease in Richmond's enrollments from those of a year ago. The moving of a few large families out of town can bring about this result. Conversely, if a few large families had moved into town the reverse effect would have been felt.

The projected enrollments are considerably less than in last year's report. This points up the fact, repeated and emphasized in former reports, that projected enrollments are not to be considered as factual but are merely to be used as an indication of future trends.

Richmond still has to determine what to do about its school problems. The school board and school planning committee have had numerous meetings attempting to find the best solution. Meetings have been held with similar groups from Hinsdale, Swanzev and Winchester to explore the possibility of the formation of a cooperative school district in this area. These meetings are still in progress and their outcome is problematical at the moment.

Some people feel that if a village loses its school much is lost. Just what is lost and who loses? Town pride is hurt, perhaps, in the fact that the people can no longer boast of their educational plant. But what is education for, adults or children? Is a school designed for adults to look at and be proud of or is it built to give the best possible education to boys and girls?

As was mentioned in last year's report, a modern two-room school is hardly Richmond's answer. The cost of maintenance and operation would be much more than for the present one-room school. It could conceivably be more expensive than sending all Richmond pupils to Swanzev and Winchester where a better education for Richmond pupils could be obtained. Town pride would be satisfied by the erection of a new school for Richmond but this would be offset by the loss to Richmond's pupils. The citizens of Richmond should have one guiding principle and that is what is best for the school pupils. The answer to this is to send them to a larger school.

This country and Russia are locked in a struggle to determine whether communism is to prevail over democratic ideals. Our educational system has been assailed as failing to provide the education necessary to cope with Russia's progress. Our concern now should be not with what adults through prejudice and provincialism think is best for their community but with what is needed for the best possible education of our youth. The very survival of our democratic society is at stake. All over our land inefficient school systems should be replaced to insure better instruction for the citizens of tomorrow who will have to be well equipped to take their places in a world of great scientific progress.

Serious thought should be given to the possibility of the formation of a cooperative district in this area. In the meantime, the Richmond School Board is improving the North Richmond School in a practical way. The toilet situation has been corrected to a degree. Another door has been added to the classroom to permit another means of egress in the event of fire.

In conclusion, I wish to express my appreciation to the teacher, pupils and parents, the School Planning Committee, the School Board

and the patrons of our school for their cooperation.

Respectfully submitted,

CHESTER C. LEES
